

MISSION

Quilters are a rare breed from hundreds of years ago. Our ancestors made quilts out of necessity. Quilters now quilt to create, design, and, in general to pass the time. We make beautiful bed coverings, wall designs, and gifts of love. The process often takes days, weeks, months, or years. Some never are finished. But when a quilt top is finally finished we want it quilted, "sandwich," with just as much care as we put into it. That's where I come in. I will work with your finished quilt top and give you quality service and products. You and I will choose a pattern, batting, and thread. I can even help you put the finishing touches with the binding, if need be. I have over 40 years of sewing/quilting experience. So let's dig out some of those UFO's that you have hidden away or finish those tops you've already started and let's turn them into Quilts.

Machine Quilting Services

Each quilt is a work of art! You work hard to choose the fabric colors, just the right pattern. You

and I will work together to enhance your beautiful work of art and turn it into a masterpiece. Before I start working on your quilt top, I will give you a firm quote for the design(s) you choose.

To calculate the yardage of your quilt, multiply its width by its length and divide by 1,296. For example:

Queen size: 84" x 92" = 7,728 square inches ÷ 1,296 = 5.96 square yards. For an all over, lightly quilted pattern, at 0.01/sq in, the price would be approximately \$77.28, for the quilting only.

I carry over 100 different patterns and will order a specific pattern for you if I don't have it on hand.

You will need to provide ordering information. All my quilting is done freehand, no computers are involved.

How to order:

Prepare your quilt top – if you are providing the backing and batting they must be a minimum of 6 to 8 inches larger than your quilt top. Prepare your binding if you are choosing that service. Incorrect or poor preparation will incur extra charges. Defects in quilt piecing cannot be hidden by quilting over it.

Call me at (763) 767-7635 or (612) 270-3580 (cell) for an appointment. If you are in the Metro area we can arrange a time and place that is mutually convenient. Or e-mail me at charleneborst@comcast.net. You can also mail your quilt to me at:
